### CALL FOR PAPERS

#### International trade and labor markets

Università degli Studi di Milano | October 9-10, 2025

The next meeting of the Italian Trade Study Group (ITSG) will be hosted by the Department of Economics, Management, and Quantitative Methods at the University of Milan, in collaboration with the Manlio Masi Foundation. The event will take place at the University of Milan campus, Via Conservatorio 7.

We invite submissions of complete papers or advanced drafts on all topics related to international trade and spatial economics. We especially encourage contributions that examine the interface between international trade and labor markets.

We welcome both empirical and theoretical contributions that investigate the above and related topics with an emphasis on a policy perspective. **Topics of special interest include:**

- Trade wars and strategic trade policy
- Trade in services
- Global value chains and firm-to-firm trade
- Regulations and non-tariff measures
- International migration

**Submissions outside the themes listed above will also be considered**, provided they are particularly relevant and aligned with the broad scope of the ITSG meeting.

We are pleased to announce that the keynote lecture will be delivered by **Prof. Andreas Moxnes, BI Norwegian Business School**.

Complete papers (or advanced drafts) should be submitted to the Secretariat Fondazione Masi [segreteria.fondazionemasi@ice.it](mailto:segreteria.fondazionemasi@ice.it) – **by August 25, 2025**. The acceptance of the papers will be notified no later than September 5, 2025.
