## CALL FOR PAPERS

### The future of international trade: a focus on EU and trade policy

**Rome, June 17-18, 2021**

The next meeting of the ITSG - Italian Trade Study Group will be organised by Rossi-Doria Centre within the Erasmus+ Jean Monnet Project “Understanding European Economic Policy: Towards a Deeper Union”, Sapienza University of Rome, and Manlio Masi Foundation - the Italian Trade Study Group.

Following up the White paper on the Future of Europe (2017), the EU presented a reflection paper on “harnessing globalization” to launch a debate on how the EU and its Member States can shape globalization in a way that anticipates the future and improves the lives of Europeans and can respond to its opportunities and challenges. Since the publication of this reflection paper, new challenges emerged, such as new trade wars; the outbreak of the COVID-19 pandemic; Brexit, etc. The meeting will be the occasion to gather national and international experts to discuss these topics and contribute to the debate launched by the European Commission on the evolution of the future EU trade policy and its priorities.

Submissions are invited on all topics in international trade. Topics of special interest include:

- Trade, factor (and firm) mobility after COVID
- Trade clashes: multilateralism and “deep” regionalism
- The effects of Brexit on the EU Trade policy
- Trade, non-tariff measures, and Sustainable Development
- De-Globalization vs. Slowbalization

Complete papers (or advanced drafts) including 4/5 key messages/headlines should be submitted to the Secretariat Fondazione Masi - [segreteria.fondazionemasi@ice.it](mailto:segreteria.fondazionemasi@ice.it) - by **April 30, 2021**. The acceptance of the papers will be notified no later than **May 17, 2021**.

The keynote lecture of the Workshop will be delivered by Joseph Francois (World Trade Institute).
